Worms and Squirms

4th Grade Field Trip to Guadalupe River Park & Gardens

Enter the world of vermiculture –
discover worms at work in the Guadalupe Gardens

- Explore a bin of red wigglers to see these mighty recyclers at work
- Learn about the anatomy of a worm, including why worms eat our waste
- View worms and other worm bin residents up close and personal
- Discover the partnership between plants and wriggling worms

Each child will take home a planted seed
